## SB 1383 & AB 1826 ORGANICS RECYCLING REGULATIONS WAIVER APPLICATION

### INSTRUCTIONS:

California Senate Bill (SB) 1383 requires all businesses (defined as: commercial businesses and multi-family dwellings) to arrange for organic waste recycling services (i.e. food waste and green waste). In addition, while the City of South Lake Tahoe received a "high-elevation" waiver from CalRecycle for curbside food waste collection, California Assembly Bill (AB) 1826 requires food waste collection at commercial businesses. Certain commercial businesses and multi-family dwellings of five or more units may qualify for waivers from organic waste requirements.

To apply for a waiver, please complete the SB 1383 & AB 1826 Waiver Application form and provide applicable supporting documentation (i.e. photographs, agreements, contracts, receipts, blueprints, hauler verification, etc.). Waivers may be requested for each type of exemption you believe applies to your business. There are three types of waiver requests:

#### **1. Third-Party Waiver for Businesses with Landscape Contractors/Organics Recyclers**

- Businesses that have organics recycling provided by a landscaper or other third-party recycler may apply.
- Third-party recyclers must maintain disposal/recycling records and divert green waste from landfills as required by state law.
- Your business must agree to submit information to the City periodically to verify continued third-party organics recycling (i.e. copy of agreement specifying green waste is diverted, disposal receipts).

#### **2. Waiver for Businesses with Minimal Organic Waste (i.e. "De Minimis Waiver")**

- Businesses that generate a limited amount of organic waste may apply for a low-generator "de minimis" waiver if they have:
  - A) Total solid waste disposal of two cubic yards or more per week, and includes organic waste of less than 20 gallons per week; or
  - B) Total solid waste disposal of less than two cubic yards per week, and includes organic waste of less than 10 gallons per week.

#### **3. Space Constraint Waiver**

- Businesses lacking space for separate or additional green waste or food waste collection containers may request a space-constraint waiver.
- To qualify, you must demonstrate that space constraints cannot be resolved by downsizing existing containers, using split containers, or other solutions. You must first work with your hauler to consider solutions to space constraints.

---

**NOTE: Businesses granted any of the above referenced waivers will be exempted for a five (5) year period from SB 1383 requirements.**

City of South Lake Tahoe approved waivers are valid for a period of five (5) years. It shall be the applicant's responsibility to apply for a waiver renewal 30 days prior to the expiration date. Failure to renew a waiver prior to the expiration date does not waive any penalties or fines for noncompliance that may be incurred. (This requirement is consistent with the guidelines outlined in Section 18995.1. (A)(6) of the SB 1383 regulations)

**To apply for a waiver, please complete the SB 1383 & AB 1826 Waiver Application form (include any supporting documentation) and submit to: [organics@southtahoerefuse.com](mailto:organics@southtahoerefuse.com).**
